

Hello. My name is Kimyco Trules, and I am looking forward to being your child's 3rd grade teacher. I had made up my mind when I was young, that I would be a 4th grade teacher when I grew up. This will be my third year teaching third grade and I have decided that this is the grade for me. I am a proud graduate of Grand Canyon University where I earned a Bachelor of Science in Elementary Education degree. In January of 2018 I became part of Clovis Christian Schools' staff after spending several months volunteering in my daughter's classroom. I am a strict, by the book kind of person, but I also love to have fun. So, when it is time to learn I want my students to apply themselves and study. When it is time to have fun, I love to plan activities and let the kids enjoy themselves. Do not let my serious personality fool you. As God has given each student distinct abilities, I will pledge to challenge my students according to their ability. I believe that every student has the competency to be successful in their academic efforts and I will do whatever is in my power to guarantee that they reach their full potential. It is my goal to create a classroom atmosphere where students feel safe, respected, supported, and loved. I believe the classroom environment a teacher creates greatly affects students' learning and development. To accomplish this, I will be considerate of their whole selves, and I will promote that attitude in my classroom.

On a personal note, I have been married for 13 years and have 3 children. I spent 13 years in Mexico as a missionary which is where I met and married my husband and where my children were born. In 2016 we felt God telling us that our time on the mission field was done and it was time to move back to the U.S. In July of 2017 we made that move and became connected with Clovis Christian Schools when we enrolled our children. I love to bake, and I occasionally teach baking classes online. I also like to cook, love music, singing, and dark chocolate.

I look forward to working with you to maximize your child's success this school year.

God bless you,

Kimyco Trules
